EXAMINER'S AMENDMENT

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 10/31/2007 has been entered.

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Scott Zimmerman on 1/17/2008.

The application has been amended as follows:

In the claims:

In claim 1, line 14, “viewer”, has been deleted.

In claim 1, line 14, after, “the” and before, “interface”, --user—has been inserted.

3. The following is an examiner’s statement of reasons for allowance:

Prior art of record, fails to show or reasonably suggest the combination of features recited in the claims. Considering claims 1 & 9, Ming teaches all subject matter, except the newly added, ‘if the rating value and content attribute value are missing, then if the default setting equals or exceed the program presentation preferences, then modification of the program is not allowed and any instructions to modify the program are interpreted as an instruction to block the program from presentation’

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
